I would like to inform that the Government of India has notified a Public Procurement Policy for Micro & Small Enterprises (MSEs) under Section 11 of the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006 which has become applicable from 1st April, 2012, (Policy available on website http://msme.gov.in and also copy enclosed). The Policy mandates for minimum 20% of procurement of annual requirement of goods and services by all the Central Ministries/Departments/PSUs from the MSEs. Government has also earmarked a sub target of 4% procurement of goods and services, out of the 20%, from MSEs owned by SC/ST Enterprises. Moreover, after a period of three years i.e. from 1st April, 2015, overall procurement goal of minimum 20 per cent shall be made mandatory for the Central Ministries/Departments/PSUs. I expect that this policy will help to promote MSEs by improving their market access and competitiveness through increased participation in Government purchases and encouraging linkages with large enterprises.

2. Public Procurement Policy would require substantive preparedness of MSEs and Central Ministries/Departments/PSUs. I would, therefore, request you to kindly issue instructions to your Industries Department to interact with all Central Ministries/Departments and PSUs to facilitate policy implementation. Further, your Industries Departments may also take steps to prepare MSEs for this initiative.

3. I would also like to take this opportunity to draw your kind attention to Section 11 of the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006, which empowers State Governments to notify preference policies in respect of procurement of goods and services produced and provided by micro & small enterprises. I would request you to kindly consider formulating a similar Public Procurement Policy for the MSEs in your State.

4. I shall be thankful for your response

with regards,

Yours sincerely,

(VIRBHADRA SINGH)

Moreover, after a period of three years i.e. from 1st April, 2015, overall procurement goal of minimum 20 per cent shall be made mandatory for the Central Ministries/Departments/PSUs. I expect that this policy will help to promote MSEs by improving their market access and competitiveness through increased participation in Government purchases and encouraging linkages with large enterprises.

2. Public Procurement Policy would require substantive preparedness of MSEs and Central Ministries/Departments/PSUs. I would, therefore, request you to kindly issue instructions to your Industries Department to interact with all Central Ministries/Departments and PSUs to facilitate policy implementation. Further, your Industries Departments may also take steps to prepare MSEs for this initiative.

3. I would also like to take this opportunity to draw your kind attention to Section 11 of the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006, which empowers State Governments to notify preference policies in respect of procurement of goods and services produced and provided by micro & small enterprises. I would request you to kindly consider formulating a similar Public Procurement Policy for the MSEs in your State.

4. shall be thankful for your response

Shri Narendra Modi,
Chief Minister,
Government of Gujarat
GANDHINAGAR.
I would like to inform that the Government of India has notified a Public Procurement Policy for Micro & Small Enterprises (MSEs) under Section 11 of the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006 which has become applicable from 1st April, 2012, (Policy available on website http://msme.gov.in and also copy enclosed). The Policy mandates for minimum 20% of procurement of annual requirement of goods and services by all the Central Ministries/Departments/PSUs from the MSEs. Government has also earmarked a sub target of 4% procurement of goods and services, out of the 20%, from MSEs owned by SC/ST Enterprises. Moreover, after a period of three years i.e. from 1st April, 2015, overall procurement goal of minimum 20 per cent shall be made mandatory for the Central Ministries/Departments/PSUs. I expect that this policy will help to promote MSEs by improving their market access and competitiveness through increased participation in Government purchases and encouraging linkages with large enterprises.
